From Oxford University Press : Contemporary Issues in Management Accounting before purchasing it in order to gauge whether or not it would be worth my time, and all praised Contemporary Issues in Management Accounting:

The book comprehensively covers established and emerging areas in the fast changing field of Management Accounting. Well established accounting practices such as budgeting, costing, responsibility accounting and capital investment analysis are discussed alongside innovative and emerging accounting based approaches to organizational control.

About the Author Alnoor Bhimani is Reader in Accounting and Finance at the London School of Economics. He holds a BSc from King's College London, an MBA from Cornell University and a PhD from LSE. He is also a Certified Management Accountant (Canada). He has co-authored a number of books including Management Accounting:

Evolution not Revolution (CIMA, 1989), Management Accounting: Pathways to Progress (CIMA, 1994) and Management and Cost Accounting (Prentice Hall, 2005). AI has also edited Management Accounting: European Perspectives (Oxford University Press, 1996) and Management Accounting in the Digital Economy (Oxford University Press, 2003). He has written numerous articles in scholarly publications and serves on the editorial boards of several journals. He has undertaken management accounting related fieldwork in a variety of global enterprises and has presented his research to corporate executives and academic audiences in Europe, Asia and North America.
