Edwin A. Winckler, Susan Greenhalgh : Contending Approaches to the Political Economy of Taiwan (Special Data Issue,) before purchasing it in order to gage whether or not it would be worth my time, and all praised Contending Approaches to the Political Economy of Taiwan (Special Data Issue,):

This work compares IT parks in China, India, Malaysia, Singapore, Taiwan, and Hawaii, in search of strategies that

policy makers can employ to reduce the Global Digital Divide, advance distributional equity, and soften some of the negative effects of economic globalization.
