Steven M. Bragg : Controllershship: The Work of the Managerial Accountant before purchasing it in order to gage whether or not it would be worth my time, and all praised Controllershship: The Work of the Managerial Accountant:

0 of 0 people found the following review helpful. Useful reference bookBy M. RozoPurchased this book as it was required textbook for my masters class. So glad I did, as it will be a useful reference book for some time to come.

Today's controllers are no longer seen as technicians who process transactions; they are now seen as business executives with a wide-ranging knowledge of total business operations, best practices, and corporate strategy. Providing a comprehensive overview of the roles and responsibilities of controllers in today's environment, this Eighth Edition of Controllershship continues to provide controllers and vice presidents of finance with all aspects of

management accounting from the controller's perspective, including internal control, profit planning, cost control, inventory, and financial disclosure.
