V. Rajasekaran, R. Lalitha : Corporate Accounting before purchasing it in order to gauge whether or not it would be worth my time, and all praised Corporate Accounting:

Corporate Accounting sets a new standard for the textbooks with rich pedagogy and an easy-to-understand approach that aims at equipping students with a solid grounding in the concepts in corporate accounting. The book is made up of independent chapters dealing with a particular aspect of corporate accounting. The text in each chapter is accompanied with illustrative material and many questions and problems for better grasp of the subject. It not only meets the requirements of the undergraduate students of different Indian universities but it can also be useful for the students of

CA, CS, MBA and ICWA.
