Matthias Kammerer : Creative Accounting, the Enron Case and its impact on Corporate Governance before purchasing it in order to gauge whether or not it would be worth my time, and all praised Creative Accounting, the Enron Case and its impact on Corporate Governance:

Seminar paper from the year 2005 in the subject Business economics - Accounting and Taxes, grade: 1,0, University of Northampton (University of Northampton), course: Managing Finance Financial Decisions, 19 entries in the bibliography, language: English, abstract: In the last decades creative accounting and corporate governance emerged

as common used terms in economical debates. In my assignment I want to point out the meaning and relevance of these concepts as well as to establish a relationship to the Enron case as one of the most prominent corporate collapses in recent years.
