John S. Page : Estimator's Electrical Man-Hour Manual (Estimator's Man-Hour Library) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Estimator's Electrical Man-Hour Manual (Estimator's Man-Hour Library):

This manual's latest edition continues to be the best source available for making accurate, reliable man-hour estimates

for electrical installation. This new edition is revised and expanded to include installation of electrical instrumentation, which is used in monitoring various process systems.

About the Author John S. Page has wide experience in cost and labor estimating, having worked for some of the largest construction firms in the world. He has made and assembled numerous types of estimates including lump-sum, hard-priced, and scope, and has conducted many time and method studies in the field and in fabricating shops. Mr. Page has a B.S. in civil engineering from the University of Arkansas and received the Award of Merit from the American Association of Cost Engineers in recognition of outstanding service and cost engineering.
