Patrick J. Sheeran : Ethics in Public Administration: A Philosophical Approach before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ethics in Public Administration: A Philosophical Approach:

1 of 1 people found the following review helpful. Ethics in Public Administration: A Philosophical Approach By bardahl This is a brilliant treatment of ethics in public administration. It starts from the beginning--philosophy

(ontology and epistemology), scholastic psychology, etc.--and provides theoretical bases throughout for the practical application of ethics to issues of and decisions in public service. This is an impressive piece of scholarship, and exceptionally useful for undergraduate and graduate courses about ethics in government.

Ethics in Public Administration provides public administrators with a theoretical knowledge of ethical principles and a practical framework for applying them. Sheeran reviews the place of ethics in philosophy, links it to political and administrative theory and practice, and analyzes the ethical theories and concepts from which ethical principles are derived. Before delving into ethics as part of philosophy, Sheeran provides the reader with a brief overview of philosophy and its principal subjects, including ontology, epistemology, and psychology. He offers several definitions of ethics, and discusses both the objectivist (absolutist) and interpretivist (situation ethics) perspectives. Sheeran focuses on the subject matter of ethics, human actions, and their morality, exploring Natural Law, man-made law, and conscience as sources for determining the morality of human action. In later chapters, he applies his discussion of ethics to such controversial policy issues as suicide, murder, abortion, sterilization, capital punishment, war, lying, and strikes. Recommended for graduate and upper division undergraduate courses in public administration, public policy, management, and administrative behavior.

About the Author PATRICK J. SHEERAN holds a Doctorate in Public Administration, a Masters in International Relations from the University of Southern California. Sheeran is a former Catholic priest, and has taught various graduate courses in public administration, including ethics, at the University of Southern California, George Mason, and Shenandoah Universities. He is the author of *Women, Society, the State and Abortion: A Structuralist Analysis* (Praeger, 1987).
