Jenny Rogers : Facing Redundancy: Surviving And Thriving (UK Professional Business Management / Business) before purchasing it in order to gage whether or not it would be worth my time, and all praised Facing Redundancy: Surviving And Thriving (UK Professional Business Management / Business):

0 of 0 people found the following review helpful. Five StarsBy drphilYes0 of 0 people found the following review helpful. A must-read book for any of who ever find ourselves in this situation!By Leni WildflowerAnother lively and

highly informative book from Jenny Rogers. As always, the clarity and directness of the writing makes it effortless to read. In this inspiring take on what could be a downbeat subject, the subtitle sets the tone: surviving and thriving. This is a timely and extremely practical book. It takes an honest look at the challenges of unemployment, offers practical advice, and suggests a range of strategies for taking control of one's own prospects. From how to cope with the emotional shock of redundancy, to managing on a temporarily reduced income, to rebranding oneself for the job market, there's a lot to be learned from every chapter. Leni Wildflower, PhD

Losing your job is one of the hardest challenges and this book will help to make the transition as short and easy as possible.
