Sally Sleeper, Rae W. Archibald : Government Consolidation and Economic Development in Allegheny County and the City of Pittsburgh (Technical Report) before purchasing it in order to gage whether or not it would be worth my time, and all praised Government Consolidation and Economic Development in Allegheny County and the City of Pittsburgh (Technical Report):

This report concludes that, although evidence is mixed and effects difficult to measure, consolidating the City of Pittsburgh and Allegheny County could enhance economic development by unifying leadership, improving policy direction and coordination, and sharpening economic-development initiatives. Increased collaboration with the private sector also is important, and combining only two governments still leaves the region highly fragmented.

From the Inside Flap The City of Pittsburgh and Allegheny County, Pennsylvania could enhance the economic progress of the region if its governments are consolidated, although evidence of such gains in other consolidations is mixed.
