International Monetary Fund : Government Finance Statistics Manual 2001 (Manuals Guides) (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Government Finance Statistics Manual 2001 (Manuals Guides) (Spanish Edition):

This Manual, which updates the first edition published in 1986, is a major advance in the standards for compilation and presentation of fiscal statistics. It is intended as a reference volume for compilers of government finance statistics, fiscal analysts, and other users of fiscal data. The Manual introduces accrual accounting, balance sheets, and complete coverage of government economic and financial activities. It covers concepts, definitions, classifications, and accounting rules, and provides a comprehensive framework for analysis, planning, and policy determination. To the

extent possible, the Manual has been harmonized with the System of National Accounts 1993.
