Michael Pellegrino : How To Invest in Debt: A Complete Guide to Alternative Opportunities before purchasing it in order to gage whether or not it would be worth my time, and all praised How To Invest in Debt: A Complete Guide to Alternative Opportunities:

1 of 1 people found the following review helpful. Must buy for debt investing!By Kenneth D.I have read many books and information online regarding debt investing. This book was straight forward and in plain english. It is a great entry point for anyone who wants to get started in debt investment. I have purchased copies for friends as well. This is a must buy for anyone that whats to get started in debt investment. Thanks to Mr. Pellegrino for sharing his experiences

through this book. 1 of 1 people found the following review helpful. Five Stars
By Carl Z
Good information, will go back and reference [eriodically
2 of 2 people found the following review helpful. The real deal!
By Customer
I have done many deals with Mr. Pellegrino and his book is the real deal based on his own experience!

With this nuts-and-bolts guide, both savvy and novice investors can discover the secrets to profiting from personal and corporate debt, including municipal tax liens, defaulted credit card debt, discount promissory notes, mortgage foreclosures, and micro loans. Anyone can participate in these investments, but not all of these options are as easy as calling a broker ndash; they require some legwork and research ndash; so many of these opportunities often go untapped. While there are many books on alternative investment ideas, none provide this level of practical information and advice. *How To Invest in Debt* provides everything readers need to capitalize on these investments. Readers will discover: How to find and purchase debt at a deep discount How to do effective due diligence and pick the ones that are most likely to pay off How to collect debt, and the secrets to making short-term high interest loans Buying future streams of cash flow Overcoming what could go wrong before it happens And much more. Dozens of charts, table, forms, spreadsheets, and diagrams empower readers to get started right away, with all the tools they will need to collect and analyze data and pursue the most profitable opportunities. *How To Invest in Debt* shows that if you're willing to do the work, you can profit from debt.

"An excellent manual on investing in debt. Mike clearly explains the pros and cons of these 'well-kept secrets.' I wish this book had been available for myself and my clients years ago. Each chapter provides a complete and clear instruction to relatively unknown ways to acquire distressed assets and below-market cost." ?Art Matuschat, RealtyFundConnect.com, NewJerseyRealtySolutions.com
"This book is required reading for anyone who wants to get started investing in debt. The chapters on buying notes provide a clear nuts-and-bolts guide to buying defaulted and performing notes." ?W. Eddie Speed, founder NoteSchool.com, president, Colonial Funding Group, LLC
"Peer-to-peer lending has fueled a tremendous amount of innovation in online lending. This book provides a great introduction to this fertile opportunity. Anyone interested in fintech and entrepreneurship would benefit from getting a good, clear base in it from this book." ?George Alex Popescu, editor in chief, Lending-Times.com
"Mike Pellegrino has been a leading tax lien attorney for many years, and he's been my go-to person for tax lien foreclosures in New Jersey. Now with this book, Mike has provided a clear and concise introduction to tax lien investing as well as other types of debt investments. This book is a must-read for anyone interested in alternative investments." ?Joanne Musa, TaxLienLady.com
About the Author Michael Pellegrino, Esq. has more than twenty years of experience in buying defaulted credit card debt and has earned several million dollars in profits. Pellegrino is a New Jersey attorney who has focused his law practice on municipal tax liens and related litigation.
