It's a tough question to answer and one that many are faced with regularly, but there are ways to handle these debts legally without reaching for the extreme, final measure that we all dread so much. This book was written to provide every individual who is standing at the precipice of too much debt with the tools they need to settle that debt legally without ruining themselves forever. You will learn everything you need to know about the basics of debt, including what the various kinds secured, unsecured, personal, business, and tax debt entail and how they affect you. Top financial experts, bill collectors, and one-time debt owers have been contacted and interviewed for this book and their interviews have been included here to provide a complete outline of what you can expect when you try to settle your debt. You will learn how to start negotiating settlements with your creditors and what specific things you can and cannot do when dealing with them.
