Neil Surprenant : Paul Smith's Adirondack Hotel and College (Images of America (Arcadia Publishing)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Paul Smith's Adirondack Hotel and College (Images of America (Arcadia Publishing)):

0 of 0 people found the following review helpful. Five StarsBy ron townsendGot my degree in forestry from there. Book brings back fond memories0 of 0 people found the following review helpful. Album of an EraBy K. CohnOld photos and captions rich with personal stories and historical details make this a photo album kind of journey, slow and nostalgic, through that bygone era of Paul Smith's grand hotel, and the great camps.0 of 0 people found the following review helpful. good stuffBy Allison Yergeri picked up this book to help me put a paper together for school regarding the rich history of the Great Camp aspect of the Adirondack development, however after simply skimming the first

chapter I became engrossed by the quality of the pictures, the interest of the stories, and the overall quality of the information. I have read it all 3 times and keep it by the coffee table to share with anyone who might have interest in either photography or US history, very informative and engaging. Also, I aced the paper, thank you Mr. Surprenant and Arcadia Press.

From 1859 to the present, the name Paul Smiths has meant different things to visitors and residents of the Adirondack Mountains of northern New York. In the 19th century, the name was synonymous with a grand hotel on the shores of Lower St. Regis Lake and the wilderness guide who was its founder. In the early 20th century, the hotel business expanded to include land sales, a railroad, a telephone company, and the Paul Smith's Electric Power and Light Company, which became the first electric provider in the region. After World War II, Paul Smith's College was founded to provide quality liberal arts and technical associate-level degrees to returning veterans and recent high school graduates. Today Paul Smith's College attracts students from across America to the only baccalaureate-degree-granting institution in the six-million-acre Adirondack Park.
